J-M MANUFACTURING RANKS #1 ON PLASTICS NEWS LIST OF PIPE EXTRUDERS

JMM Tops List Based On North American Sales For Recent Fiscal Year

Livingston, NJ – July 10, 2006 – J-M Manufacturing Company (JMM), the largest producer of plastic pipe in the world, has been ranked by Plastics News as the #1 company for pipe, profile and tubing extruders. The listing, originally published on June 26th, was determined by North American sales of pipe, profile and tubing extrusion products in the recent fiscal year, and ranks 230 companies.

Rounding out the top five behind JMM was; #2 Royal Group Technologies, #3 Certain Teed Corp., #4 Advanced Drainage Systems Inc., and #5 PW Eagle, Inc. To view the entire listing, visit www.plasticsnews.com.

J-M Manufacturing Company, Inc. was formed in 1982 with the acquisition of eight pipe production facilities. Today, the company operates out of 14 manufacturing plants across the United States, with headquarters in Livingston, New Jersey. JMM produces water, sewer, solvent weld, electrical conduit, ABS and polyethylene pipe in diameters ranging from ½" to 48" for PVC and ½" to 63" in HDPE. JMM is dedicated to developing the plastic pipe market by offering superior products, unparalleled quality, and ensuring that its business makes a positive contribution to the environment, the communities it serves, its customers, and employees. For additional information, visit J-M Manufacturing on the web at www.jmm.com.
