## CERTIFICATE OF LISTING

IAPMO Research and Testing, Inc. is a product certification body which tests and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO Research and Testing, Inc. of the product acceptance by Authorities Having Jurisdiction.

The most updated information on this Certificate of Listing is available online at [pld.iapmo.org](http://pld.iapmo.org)

Effective Date: May 2016

Void After: May 2017

Product: Gas Meter Risers, Compression & Transition Fittings, Category 1

File No. 4124

Issued To: JM Eagle  
5200 W Century Blvd  
Los Angeles, CA 90045

Identification: Fittings shall be marked in such manner that it remains legible after installation and inspection with the manufacturer's name or trademark, "F1924", two or three letter coded plastic material identification in accordance with PPI TR-4 or equivalent, date or lot code identification, size followed by "IPS" or "CTS designation, SDR or wall thickness range, the word "Gas" or if the size does not permit "G", and "CAT1" or "CAT2

Fittings manufactured from materials listed in ASTM D2513 and intended for use with natural gas at elevated temperature greater than 73 F (23 C) shall be marked with additional code letters from table 4 of ASTM D2513. The first code letter to identify the temperature of the pressure rating, and the second code letter to identify HDB at the highest recommended pressure.

Characteristics: Plastic mechanical fittings for use on outside diameter controlled polyethylene gas distribution pipe and tubing, nominal 2 pipe size (IPS) and smaller complying with ASTM D2513. To be installed in accordance with manufacturer's instruction and the latest edition of the Uniform Plumbing

  
Chairman, Product Certification Committee

  
CEO, The IAPMO Group

This listing period is based upon the last date of the month indicated on the Effective Date and Void After Date shown above. Any change in material, manufacturing process, marking or design without having first obtained the approval of the Product Certification Committee, or any evidence of non-compliance with applicable codes and standards or of inferior workmanship, may be deemed sufficient cause for revocation of this listing. Production of or reference to this form for advertising purposes may be made only by specific written permission of IAPMO Research and Testing, Inc. Any alteration of this certificate could be grounds for revocation of the listing. This document shall be reproduced in its entirety.
