

To Whom It May Concern:

This response is to confirm that all of JM Eagle's products are manufactured in full compliance with the applicable specifications.

Additionally, we would like to certify that these products are made in the USA. The resin to produce our pipe and fittings is purchased on the open market in the USA from domestic producers within the meaning of the Buy American provisions for the American Recovery and Reinvestment Act of 2009 and the Federal Transportation Administration (FTA) 49 U.S.C Sec 5323(j); 49 C.F.R Part 661 (Buy America Requirements). Ingredients used in compounding (pigments, stabilizers, etc.) are also produced in the USA.

JM Eagle's manufacturing plants are located in:
